# DOUBLE DECK GARMENT CONVEYOR

## DOUBLE DECK CONVEYOR

White's Double Deck conveyor provides convenient access to two full levels of hung shirts, slacks or other long garments. Both of the layers operate together at the touch of a button.

Double Deck conveyors are available in two configurations, the DS and DW models. Both permit mixing of long and short garments.

The DS model conveyor has a fixed drop rod every two frames with a lower level cast aluminum frame. It can be used on a single plain conveyor with fixed rods of any length.

The DW model has a removable drop rod located at each frame with a nylon lower frame. It is a fluid non-fixed frame (available in any length) which allows the conveyor to be configured as an Up-n-Down.

## FEATURES

- Custom designed for the maximum increase in your storage capacity.
- Each configuration can be expanded or altered as your needs change.
- Bi-directional hand switch – standard.
- Series 540 Automatic Keyboard control – optional. Microprocessor control selects shortest route to item location.
- DS has 10 slot aluminum upper and lower frame, 12" pitch.
- DW has 10 slot aluminum upper and 10 slot nylon lower frame, 12" pitch.
- Hardened steel universal with heat treated steel insert bushings.

## CONVEYOR SPECIFICATIONS (Short/Short)

### TYPICAL MODULAR SECTION SHAPES

White Conveyors are available in a wide variety of special shapes. You can "design your own conveyor" to fit most any length or shape by using our standard "modular" sections. Here are some typical shapes.

### MODEL DS (Aluminum Upper and Lower Frames) MODEL DW (Aluminum Upper and Nylon Lower Frames)

Conveyor Model & No. of Slots	Length of Hanging Capacity	Overall Length with Garments
DS200	DW200	11'0"
DS220	DW220	12'0"
DS240	DW240	13'0"
DS260	DW260	14'0"
DS280	DW280	15'0"
DS300	DW300	16'0"
DS320	DW320	17'0"
DS340	DW340	18'0"
DS360	DW360	19'0"
DS380	DW380	20'0"
DS400	DW400	21'0"
DS440	DW440	23'0"
DS480	DW480	25'0"
DS520	DW520	27'0"
DS560	DW560	29'0"
DS600	DW600	31'0"
DS640	DW640	33'0"
DS680	DW680	35'0"
DS720	DW720	37'0"
DS760	DW760	39'0"
DS800	DW800	41'0"

Model No.	Configuration	Height
DS	Short / Short	98"
DW	Short / Short	100"
DS	Short / Long	114"
DW	Short / Long	116"
DS	Long / Long	134"
DW	Long / Long	136"

The Double Deck offers two levels of storage on a single conveyor. Mix short and long segments with transitional rods.

\* One hand switch furnished.
