

The World's Most Trusted Conveyor

Double Deck Up'N'Down

Dry Cleaning Storage Conveyor

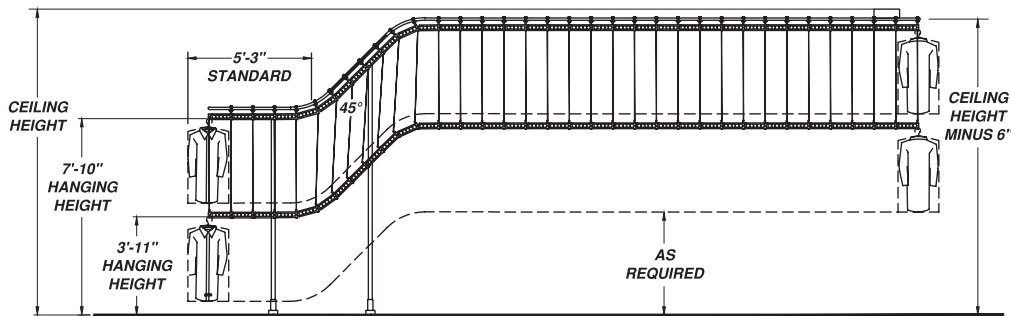

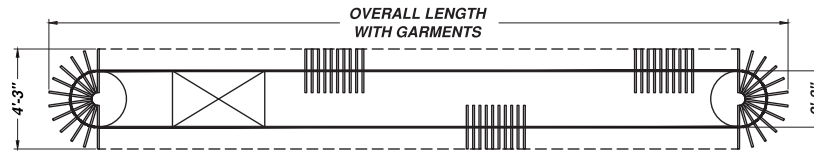

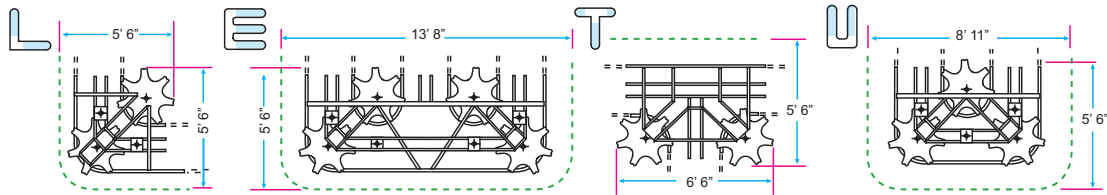

FEATURES and BENEFITS

- ✓ Inverter controlled direct drive
- ✓ Bi-directional hand switch - standard
- ✓ Automatic Keyboard control - optional
- ✓ With the keyboard control, the microprocessor selects the shortest route (left or right) to the order's location
- ✓ Powder coated drop rod each frame, removable lower nylon frame
- ✓ Hardened steel universal with heat treated steel insert bushing

This White Conveyors product has the best of both worlds - two tiers of garments, plus storage overhead. It is ideal for shirt storage, or locations with high ceilings. The Double Deck Up'N'Down provides maximum storage in minimum space, an innovative design that supplies double hanging capacity for today's busy stores.

Double Deck Up'N'Down Dry Cleaning Storage Conveyor

White Conveyors are available in a wide variety of special shapes. You can "design your own conveyor" to fit most any length or shape by using our standard "modular" sections. Here are some typical shapes.
